1. Practical points and intendances

- *Bon Pasteur has a rather flexible operation but with us to govern it by taking account of the financial aspect. The program of each day will be articulated over two 2 hours times, one the morning, the other the afternoon and a time in free evening, to animate according to the proposals of each one.*

 - *3 rooms alcove type for 5 people*
- *Each one brings its cloths and its towels of toilet; from the **Belgians** it is requested to bring the bed linen for the foreigners as well as towels of toilet to their use.*
- *It is requested from the **Belgian and French participants** to as far as possible bring candles, extensions electric, multi-grip, board games for the evening.*

2. This session must be most participative possible. Also, we wish to be with the listening of the gifts and capacities of each one and that all be able to have a place in the group. We wish to leave the opened meeting, without supposing today continuations and of "after meeting". We will have an attention to envisage at the beginning and the end of each day a time of prayer even accompanied by songs.

3. : Reception of the foreign participants before and afterwards

- *Myriam and Michel can take care some of two,*
- *Veronique can accommodate two participants,*
- *Edith and Jean-Marie can release from time to deal with one or the other.*

4. 1st day: Monday July 19. This day must make it possible each one to have common bases. A meal at midday will be possible with the help of a preliminary inscription.

This 1st day must be light with for goal "to establish a common base and to live on a favourable ground with the exchange in user-friendliness, and truth. It will lead to an environment allowing interiorization by a time of reflexion on the 4 questions suggested in December by Béatrice. He is requested from those which it can be able earlier to accommodate. It must be a time to come into contact with each one so that in end of the afternoon we are not any more from abroad one compared to the other. To put itself in front of GOD and whom one will make together (a time of prayer together even in silence). Each one will be able to write its prayer by knowing that GOD is there. An assembly on the founders is envisaged and will be used as introduction to 2nd and the 3rd day. Véronique gathers the work completed within the framework of the year of Alix.

5. 2nd day: Tuesday July 20. For this day the topic will be "To educate is to change the world". Our objective educational values of PF and AL. We will have times of group work and we the question about "In which place do I will be able to put will have will be to nourish have to educate? " Presentation of sentences PF et AL., each one will be brought to choose some and groups some we will try to release one or 2 texts, to make of it a creative presentation taking account of the diversity of the languages of the participants. In evening we could reflect on "what we would have desire for saying to those which are not there". He is requested from

the group coming from France to bring a map of the world and material of translation to be removed in Généralat in Paris.

6. **3rd day: Wednesday July 21.** Continuation in the same order of idea as the day before on the topic **"My life in the steps of Alix"**. **Béatrice** will help us in end-of-day to make a presentation on an artistic level (painting, cutting, etc...). The objective of this day will be "to enter the relation by the topic of conversion by listening to Alix and her advance. It is proposed that the groups keep their composition of the day before. To bring the small blue booklet "Relation of Alix Le Clerc". It is to even suggest why not taking it as reading of bedside. A contact will be made with Philippe Goeseels for an animation by the song in evening.
7. **4th day: Thursday July 22.** Véronique will contact Alexia on how it considers her course of the day. According to Édith Alexia will come with assemblies on the Congregation. The objective of this day is to allow each one and each group **to feel recipient of the Congregation**.
8. **5th day: Friday July 23.** Turn of knowledge of some places not too far away from Good Pasteur. Not to increase the cost of the session we will move in the car. **Charline** prepares us a discovery of Leuven, Folon at La Hulpe and Villers-la-Ville. We will picnic at midday this day.
9. **6th day: Saturday July 24.** The role of the associates. This day wants to be that which will be built progressively what will emerge from the reflexions of each one after its advance of this week. It is also necessary to take account of the distance which separates the various participants. What is lived in each country? Tomorrow what will we live together? Each one will be able to read again its answers of the 1st day and to see its way. A debate took place over this day which should be concluded by a festive eucharist from fence from this week instead of enclosing this session by the morning of Sunday. To envisage a BBQ. A contact will be made with Philippe Mawet for this eucharist. Does Rosalie propose the arrival of a Congolese choral society (come at the eucharist or another moment???)
10. **7th day: Sunday July 25.** To be concerned with those which come by far, not to give up them!!!
